

Central Mass Safety Council
Lock Out Tag out OSHA required training
Updated

Breaches in OSHA's Lock-out Tag-out (LOTO) standard cause 50,000 injuries and 120 fatalities annually. LOTO is consistently in the top 5 for OSHA's citations, nearly doubling in the last five years. The Safety Council's Lock-out Tag-out program meets all of OSHA's training requirements. **Note: for all authorized employees this training is required at time of hire and each year thereafter.**

What you'll learn:

During this program you will learn all the required, as well as the most relevant and current topics, in OSHA's regulation 1910.147(Control of Hazardous Energy), including requirements for:

- o Lock Out Tag Out: the Basics
 - o Tailoring the LOTO Program for your company
 - o Training and Retraining of Employees
- The Periodic Inspection Process

Per Person- Members: \$112 each (includes materials) Nonmembers: \$141 each (includes materials)
