

Hi this is Jake Cooney the General Manager at CMSC Auto School.

We hope you're keeping your spirits up about the Road Test. We'll get this. We would like to offer you a free lesson a week or two before your next road test. If you're ready to book that Road Test you can call Trish at 774-450-1005 and then book the free lesson with Andrea at 774-450-1007.

Here's my text peptalk ;-)

- You could also take our Skid School which is 4 1/2 hours and free or our **Parallel Park Boot camp which is an hour of the best parallel parking instruction for \$45**. We guarantee you'll learn how to parallel park and pass it on the road test or we will refund your money.

Keep practicing **"Tracy's Tidbit" sheet** (on our web site's 'Resources' page)

Come practice here at CMSC's West Boylston location and keep driving the test route until you learn it by heart. Use the cars in our parking lot to practice parallel parking.

Practice the RMV skills like Blind Spot checks, turn your head left and right to look back whenever pulling to or away from the curb, always look out the Rear Window when driving backward, always come to a Complete Stop (until you feel a small 'jerk'), Stay in your Lane—especially when turning (this means Slow Down before the turn). Practice your 3-Point Turns (stay off the curb ;-), and Left-Hand Turns at intersections (the hardest thing is waiting, but wait you must, until you see at least a football field of empty road)

The more you practice, the more comfortable you'll be and the more you'll remember all the little things. The examiner will also feel safe and overlook the small stuff.

Best regards,
Jake Cooney
